Also available :

On demand finish

The ARCHITECTURAL board

This model was designed as a way to make workspaces more flexible and adaptable.

It's both mobile and double-sided, so you can write and use magnets on the front and the back.

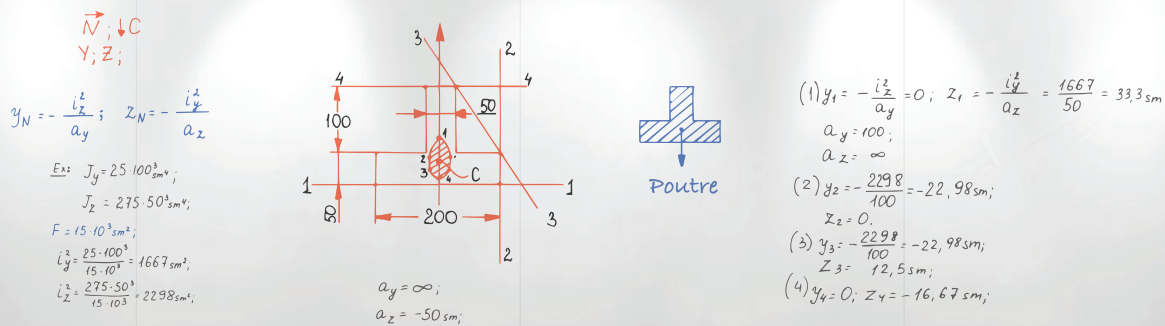

◀ The DESIGN board

This model's eye-catching design adds a modern touch to your office space.

Magnetic and mobile, it's particularly well-suited to our wood finishes.

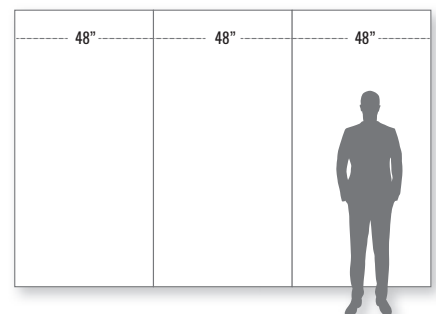

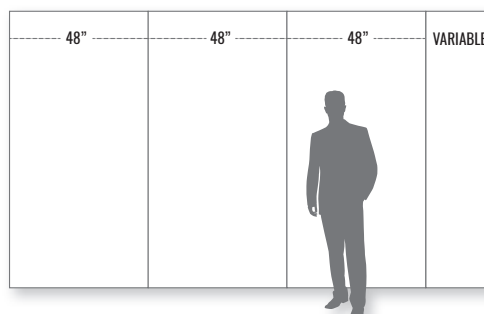

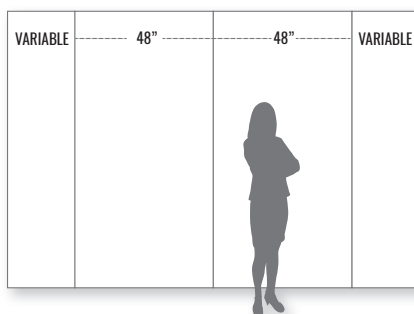

Walls

Wall-to-wall

With these large-format glassboards, everyone sees the writing on the walls. They're perfect for boardrooms and training rooms. You can cover an entire wall with a series of **4'** by **8'** glassboards.

Magnetic 6 mm tempered glassboard with a concealed mounting system. Elevate the look of your collaborative space.

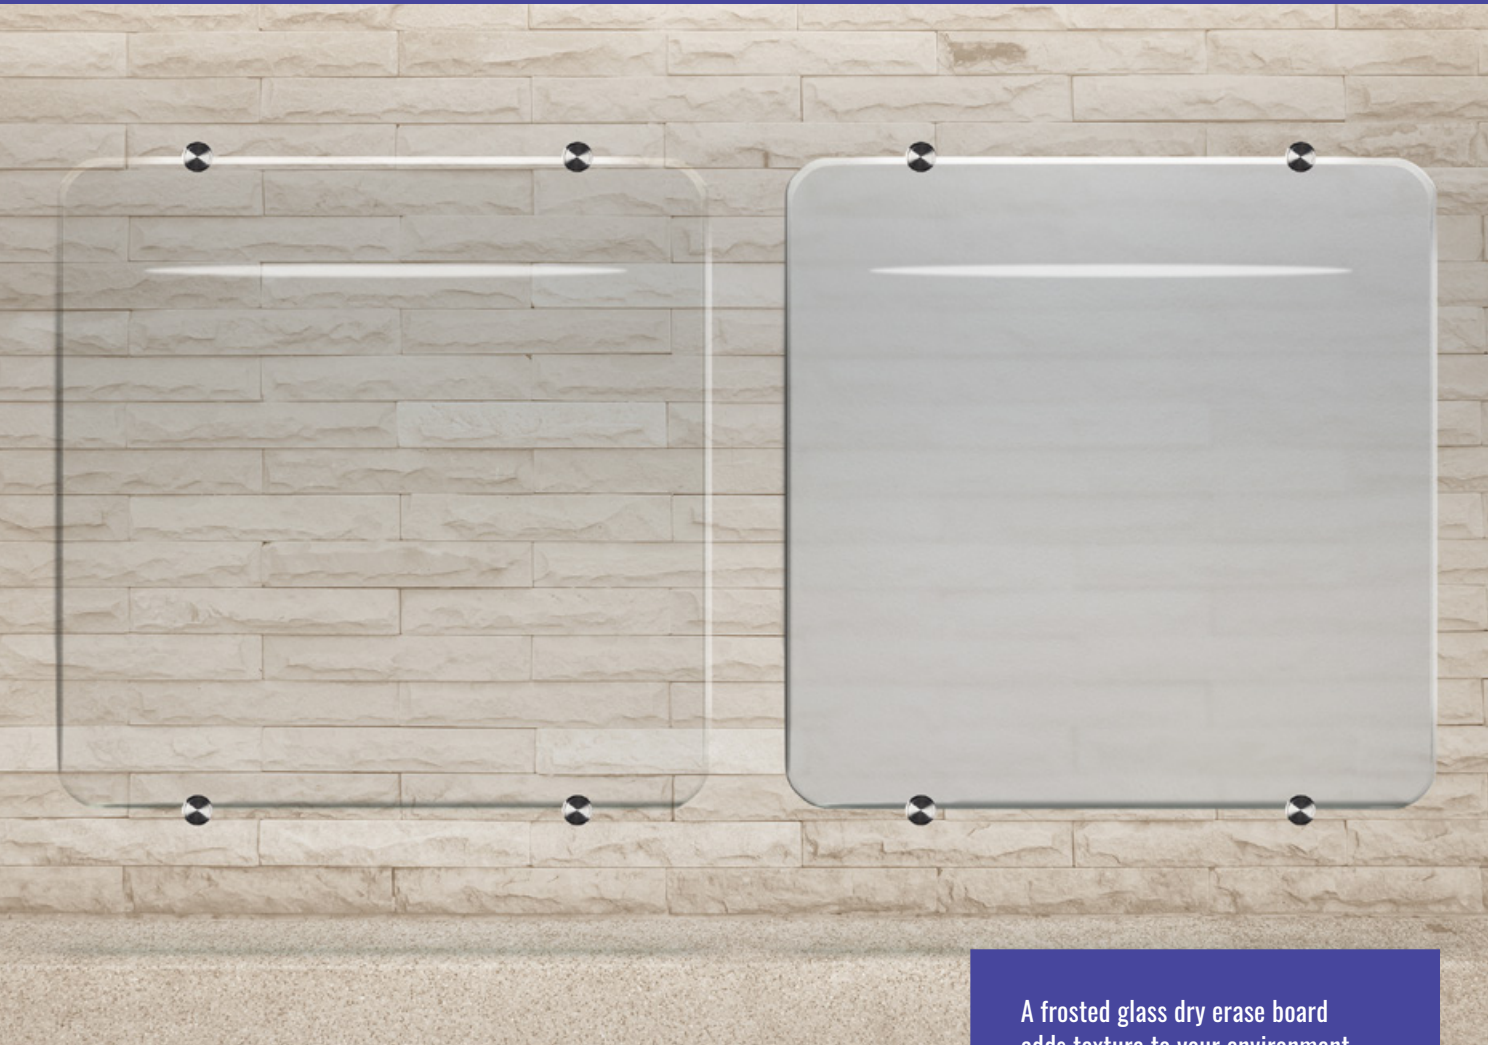

Let your walls do the talking

An integrated steel sheet makes our glassboards magnetic, for ultimate usability.

Frosted or clear

A frosted glass dry erase board adds texture to your environment.

Clear and bright

Add a brilliant touch of distinction to your office with a **clear glassboard** or go for a more discrete look with a **frosted glassboard**. The perfect feature to bring out the color and texture of your walls.

Accessories

◀ Push pin magnets

Made of extremely strong neodymium to hold everything in place on your board.

Markers

◀ Magnetic erasers

With two washable, interchangeable pads.

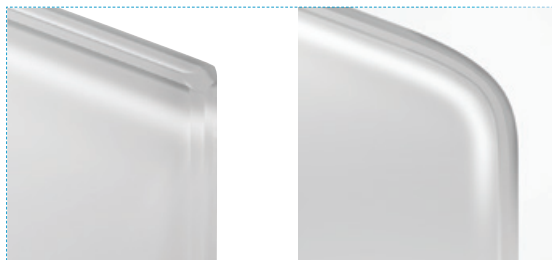

Magnetic tray ▶

Sleek 12" aluminum tray.

Options

Edges

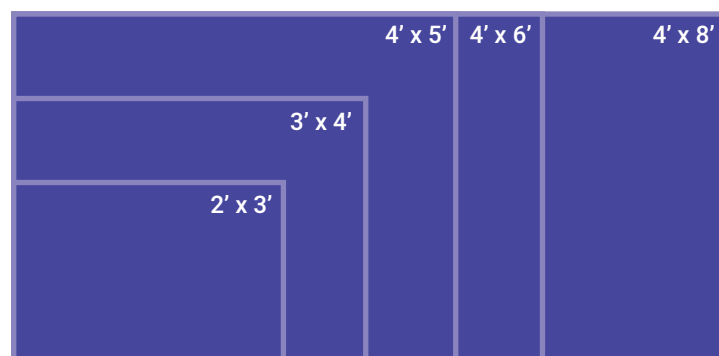

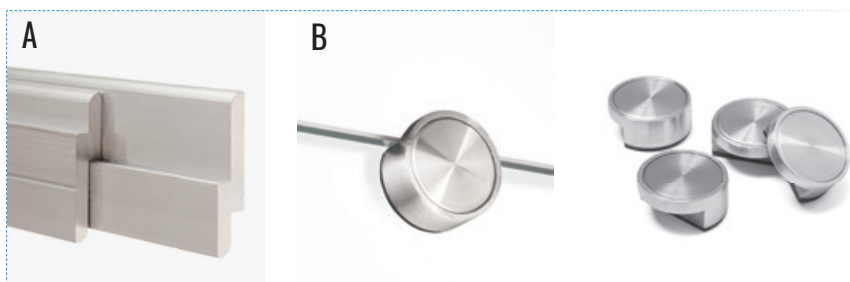

Choose from **square** or **rounded** edges and get the look you want.

Mounting system

We have two distinct ways of mounting your glassboard to the wall:

- ▶ A **concealed** system. (A)
- ▶ A system with **visible** aluminum fasteners. (B)

Dimensions

Choose from a range of standard dimensions or request a specific dimension if your project calls for it.

Features and benefits

Specifications

Our ultra-clear tempered **6 mm** glass gives you a strong, elegant dry-erase surface, for a professional, minimalist look. By integrating a steel sheet, the glass surface becomes magnetic. The edges are always **polished and safe**. And the choice of colors is infinite. If you have a set color scheme, we'll match it.

Warranty

The glass surface of our boards comes with a **50-year** warranty. That strength and durability make them an ideal choice for a variety of applications.

Cleaning

It only takes a few seconds to clean your board and get it back to its original shine. You won't need any cleaning products. All it takes is a little water.
